Miss Littlejohn of Invercharron.
Mrs Irwin Smart, Tain.

Is to raise £1000, not only to liquidate the present debt, but to provide sufficient funds for so improving the Course that it will rival the Championship Courses of the South.

In 1911 the Club, realising the great potentialities of the Course, built the present substantial and commodious Club House, and carried out many improvements to the Course. For a small Club this was a heavy undertaking, and could not have been faced were it not for the enthusiasm and the loyalty of the members who guaranteed the funds.

THE TOTAL COST

Including furniture, equipment of Club House, and improvements			
in hand amounts to	£1350 0 0
Of which has been paid	750 0 0
Leaving a balance against the Club of			£600 0 0

The Golf Course is the greatest natural asset possessed by the Town. To young and old it offers facilities for health-giving sport which are unequalled elsewhere; to visitors it is an ever-increasing attraction, taxing the accommodation of the Burgh to its utmost limit, and thus benefitting all classes of the community. The appreciation of visitors has been demonstrated by the numerous prizes presented to the Club; especially gratifying has been the receipt of a most handsome sterling silver Cup from the Officers of H.M. Atlantic Fleet recently stationed in Cromarty Firth.

In making an appeal for funds the Club is confident of your help, and contributions of work will be gratefully acknowledged by the Conveners of the various Stalls and the Receivers of Work printed overleaf. Cash donations should be forwarded to the Treasurer.

Full particulars of the Bazaar and Fancy Fair will be published later.

W. J. MUNRO,
Captain.

ALEX. MACTAVISH,
